Subject: Internal Agency Review of PFAS Toxicity Value Assessments- GenX and PFBS

Hello all,

We are pleased to provide the **draft human health toxicity assessments of GenX and PFBS** for your review. This is a 2-week review timeframe. To provide comments please provide only one document from each region and program containing compiled office comments. The assessments for review are available [here](#) and your version containing comments (or other written comments) should be uploaded in this site.

Four specific notes for this review are provided below:

- Please focus comments only on substantive issues.
- Combine all comments from an office or region into a single document, then upload to the GenX or PFBS folder on the SharePoint site. Only the Agency Review contacts have access to the site (see below). Sharing of the materials and compilation of comments from your respective office or region is via the designated Agency Review contact. Contacts please coordinate within your respective offices, especially noting the PFAS Regional Coordinators listed in the table below.
- Please note that GenX Appendix B is not included and will be sent as a separate file as soon as possible.
- Post all comments to the SharePoint site by **COB Friday, May 25.**

We appreciate your feedback and will carefully consider it in the assessments. In consideration of the Administrator's timeline, we will not be able to provide a formal response to comments.
